Sunday Dives - Dive with a buddy!

Meet every Sunday at 8:30AM at Burger King on Rte 128 in Beverly;
depart for dive site at 9.

Meetings:

Usually Thursdays at
Palmer's Cove Yacht Club
74 Leavitt Street
Salem, MA 01970

Meetings start at 8PM; Social gathering at 7:30. Most of the "business" is accomplished at the first meeting of the month. The last Thursday of the month has no meeting - purely a social gathering (with dive talk, of course).

See website or upcoming events section of this newsletter for presentation and meeting topics.

Thu Apr 7: Peter Lake Presentation - "Making of The Deep"

Peter Lake will be presenting his experiences as writer and producer of "Making of the Deep".

Sun Apr 10: Easter Egg Dive and Party

Come join the Froggies and Finatics for this Annual Tradition of egg hunting. Prizes will be given for top 3 egg finders. Great way to check out that gear for the new diving season. Party to follow as always.

Location: Independence Beach, (Lothrop Street) Beverly, MA - Plenty of parking

Time: 12:00 dive time

Party - Party to follow across the street at Vinny Egizi's house (no need to move cars)

What: Bring drinks and a dish to share

Thursday Apr 21 - Fisheries Presentation

Division of Fisheries will present and lead a discussion about fishing regulations

Sat Apr 23 - Danversport Marina

NSF will have a booth at the Danversport Marina event 9-12

Sunday Apr 24 - PCYC Float Cleaning

Come join us for this annual event at Palmers Cove Yacht Club. It is our way of saying thank you to PCYC for their continued support of our club and providing us with a great place to meet. Also another great opportunity to check out that gear at the beginning of the dive season.

Location: Palmers Cover Yacht Club (PCYC) - Salem, MA

Time: Meet at 10:00 am. In water at 10:30 am

Post Dive - After we will gather for food and drink

What: Bring your gear and a sense of community

Save the Dates!

Sunday June 26 Scuba Show

Richie Kohler of 'Shadow Diver' fame who will be presenting on his expeditions to the Britannic, sister ship of the Titanic. The Britannic is mostly intact and sits in 400ft of water off a Greek island.

There will be 3 more presenters including Andy Martinez and several exhibitors. Stay tuned for details.

Member's Corner

Diver of the Month Daryl Findlay

For his flare in diving equipment (shown here with his full face mask, rebreather, and pirate's flag), and for his help with audiovisual equipment for the club.

Members of the Month Mary Howard and Ray Porter

For hosting another delicious St Patrick's Day party.

Mary also continues to represent NSF at Bay State Council Meetings.

Ray sits on our Board of Directors and has been very helpful with maintaining our booth at the Danversport Marina Saturday shows. Happy Birthday, Ray. Look who's 60!!!

Welcome to all our new members!

Eric Husgen

Eric says.... In 1981 I earned my Open Water Certification and dove when I could. My wife Katie and I moved to Marblehead in 2007 because we both love the ocean and enjoy sea kayaking.

Undersea Divers and the Dive Society reignited my passion for diving, and I became a Divemaster in 2012 with the help of Shaun Maguire. My next challenge will be converting my talent for photography on dry land to the ocean. I look forward to diving with the Froggies!

John Stella

John has been a Dive Industry Professional for over 30 years, and has represented some of the most iconic equipment brands in the dive industry. He is currently the Northeast District Manager for SCUBAPRO USA.

His diving experience spans the globe, with a special passion for the hunt for Ancient Underwater Shipwrecks. His recent trips to Greece and the Aegean Sea, as a member of a Greek Archeological Dive Team has changed his life. "My new passion". Logging literally hundreds of dives, John has been awarded a Platinum 5000 card from SSI. When not hunting for ancient shipwrecks, you can find John diving for lobsters and scallops, off the coast of Massachusetts, with his brother Joe, and his close friends. You can read all about his latest Ancient Shipwreck mission to Greece in the Winter 2016 Edition of Alert Diver Magazine.

Linda D'Urso

Linda was certified in 1986 thru New England Divers. She is the Assistant Store Manager of Alfred Angelo Bridal in Danvers.

She lives in Peabody with her husband, NSF club president, Jim. They have 3 sons who are also divers. She enjoyed local diving but prefers warm water diving in some of her favorite areas including the Florida Keys, Aruba, Caymans and especially Bonaire where she honeymooned with Jim over 28 years ago. Linda enjoyed being a part of NSF club events, hosting the annual summer pool party and even traveling to Madeira with 7 NSF divers.

Ricardo Caivano

Ricardo says.... I started diving in 1976, same year I became a US citizen. My childhood hero was Mike Nelson (Lloyd Bridges) from the TV series Sea Hunt!

I dove in Argentina (where I was born) and extensively in and around San Diego, CA. Since 1999 I have been working, living and diving in the Caribbean, Central America, Sri Lanka and South East Asia.

We moved to Salem last September. I am gathering courage to jump in the New England waters as soon as the weather gets warmer and I get my drysuit!

I look forward to meeting and diving with club members.

Andrea Dek

For more than 27 years Andrea has been an avid New England scuba diver.

Her interests are looking for treasures, hunting lobster and scallops in the cold water off Massachusetts, and since 2006, photography. Her travels have been to most corners of the globe in search of rare critters.

Jack Budrow

Member Spotlight

by Susan Copelas

Alvin Williams

Jack Munro (L) and new member Alvin Williams (R)

Rick Steves has nothing on Alvin. If you want to know any "off the beaten track" type places, Alvin is your go to guy. Being a New England transplant, I was captivated as I sat seaside learning all about local dive lore.

Alvin and fellow diver Chris Young used to hunt for sea urchins at New Asia's, a local hidden dive spot filled with colors and a deep drop off. "The sea urchins would be all over the rocks just riding the waves in ready for the picking" Alvin comments. On route home he would stop by fellow dive buddy Pat Scala's home to hang out and visit with the stuffed head of a great white that dons the wall of Pat's home.

Alvin has been an active participant at the Dive Locker and was an integral part of the documentary that Jack Munro and his cronies made celebrating the 100th anniversary of the Mark V. He actually got to try one himself along with a Kirby Morgan, when he journeyed down to PA for some commercial dive work. What great experience this will be as he is hoping to begin his lessons on a rebreather this summer.

Diving is not his only love; when he is not diving he is hanging out jamming at the recording studio or helping mix in the sound booth. Some of the many other hats he has worn are martial arts master, welder, machine worker, competitive body builder, and caretaker of his ill mother for many years.

He began his dive career as a member of the Horseshoe Crab Dive Club and is enjoying his new member status as a Froggie.

Welcome aboard and I look forward to diving with you soon.

Susan

Evelyn Dudas

New Honorary Member

We are pleased to have Evelyn join the club as an honorary member.

Evelyn is pictured here with Annette Spaulding, President Jim D'Urso and Susan Copelas who arranged for her memorable presentation last month.

Peter Shelley New Honorary Member

Peter is pictured here with NSF President Jim D'Urso, following his enlightening presentation on Cashes Ledge and the Canyons.

Jack Munro wins the "Race to the Bottom" in his cardboard boat. Looks like the competition was pretty tough.

Grace Entwistle attends her first NSF meeting. Congratulations to grandfather and VP John Ferrier and to parents Jen and Bryan Entwistle.

Tony Vieira Update 3/30/2016

Tony is currently at Tufts Medical Center having suffered a significant heart attack.

Tony has been an active member of NSF and arranged for many presenters last year and was instrumental in setting up the Coast Guard Demonstration. He is a dive instructor and last year lead eight Froggies to his hometown of

Machico, Madeira for an excellent dive trip. This year he contacted Richie Kohler who will be presenting at our scuba show June 26.

Tony is 42 years old and was unaware of any heart condition prior to this event. He has shown great stamina in dealing with his medical condition and today is looking much better but has a long road of rehabilitation. He will need our support. His words of wisdom to the the club are to take care of yourself, protect your health, and appreciate and keep diving as long as you are able. We encourage him to stay positive, be vigilant, and maybe with our help he will be back in the water again.

fellow diver and friend,
Jim D'Urso

Message from the President

[Jim D'Urso](#)

"Live in the sunshine, swim the sea, drink the wild air."

Ralph Waldo Emerson

Hi Froggies

Wow, Evelyn Dudas, first woman diver on the Andrea Doria, graced us with her presence and an excellent presentation on March 3rd. It was a pleasure to listen to her stories of early diving on this famous wreck, and to hear of her resilience through several episodes of decompression hits, and to know that she continues today, deep wreck diving and cave diving. What an amazing person! We had sixty people at her presentation and increased our membership by eight that evening.

On March 17th we had an informative talk by Peter Shelley of the Conservation Law Foundation and I encourage all members to check the CLF website and to call your senators and representatives to support making Cashes Ledge, and areas of the Canyons, national monuments protecting them forever from commercial fishing and allowing them to flourish as marine breeding grounds.

We will continue with great presentations. April 7th Peter Lake of 'the Deep' and 'Blue Water White Death' fame will be presenting at our meeting at PCYC. He will discuss 'Making of the Deep' and will also have contents of the Andrea Doria safe that he recovered.

We are also planning a Scuba Show for June 26th Sunday with Richie Kohler of 'Shadow Diver' fame who will be presenting on his expeditions to the Britannic, sister ship of the Titanic. The Britannic is mostly intact and sits in 400ft of water off a Greek island. We will have 3 more presenters including Andy Martinez and several exhibitors. So save the date!!!!

We have enjoyed our Sunday Shore dives and on March 20th we had a combined NSF and Fanatic dive at the Gloucester Breakwater, with 10 divers and 2 shore support members. Nice dive with nudibranchs, sea anemones and skeleton shrimp. Daryl Findlay has been coming to these Sunday dives with his rebreather and full face mask and if that wasn't enough of a flare he added a pirates flag to his dive flag. Daryl has also been very helpful assisting with audiovisual aspects of our meetings and for these reasons I have selected him as Diver of the Month.

My selection for Member of the Month is both Mary Howard and Ray Porter for hosting another delicious St Patrick's Day party. Mary also continues to represent NSF at Bay State Council Meetings. Ray sits on our Board of Directors and has been very helpful with maintaining our booth at the Danversport Marina Saturday shows.

I want to thank all the members that manned our booths at the Sea Rovers Show and at Danversport Marina Shows. Hope everyone is checking their gear and getting ready for the warm weather and more diving.

Keep diving my friends,
Your President Jim D'Urso

Letter from the Editor

[Ellen Garvey](#)

What fun to welcome so many new members, and to find out a little bit about them.

Susan continues to spotlight one member for our newsletter, so don't be surprised if she approaches you for some future issue (thanks, Susan!)

And thanks to Daryl, Vinny, Jim D, Tony, and Susan who sent me pictures from events last month. I wasn't able to include them all since I had about 70!!!! There sure was a lot going on!

Fun stuff we did last month

March 3 - Evelyn Dudas Presentation

Evelyn and Susan visited the Dive Locker while in the area.

What a turnout for Evelyn's presentation of her Andrea Doria and other adventures!

March 5-6: Sea Rovers

Here's our booth at Sea Rovers.
Great presentations and fantastic film festival with lots of members in attendance.
Congratulations to our raffle winner, Peter Chapman.

March 13 - Canoe Beach

Jim D'Urso, Jim Barbara

Graham's Gleanings

by Graham Smith

**Float like a
butterfly swim
like a bee.**

US scientists observed the so-called sea butterfly - actually an aquatic snail - using high-speed video and flow-tracking systems.

The 3mm critter flaps its wing structures, which grow where a snail's foot would normally be, in a characteristic figure-of-eight pattern.

It also uses some of the vortex-making tricks that keep insects in the air.

Bay State Council of Divers Meeting Minutes

February 17, 2016

Meeting held at the SSN's Clubhouse, Quincy, MA 7:35-9:00 PM

Attendees:

John Blackadar SSN

Jim Brady OCA

Angelo Correnti SSN / BSC President

Theresa Czerepica SSN

Jim D'Urso NSF

Doug Eaton SSN

Ken Hayes SSN

Matthew Lawrence SBNMS

Mary Howard NSF / BSC Secretary

Vin Malkoski DMF / Sea Rovers

Ted Maney Salem State University

Vic Mastone BUAR

Organizations represented include:

MA Division of Marine Fisheries (DMF)

Board of Underwater Archeological Resources (BUAR)

North Shore Frogmen's Club (NSF)

Old Colony Amphibians (OCA)

Salem State University

Sea Rovers

South Shore Neptunes (SSN)

Stellwagen National Marine Sanctuary (SBNMS)

Coastal Access Issue:

Mass Bass – Ken went to a meeting of Mass Bass. They are beach buggy assoc. They know about the meeting tonight and the meeting at Sea Rovers. A rep was supposed to come to the meeting tonight.

Victor recommended that our letter state "this issue affects many others." Vin will update the letter and have it ready to hand out at Danversport Yacht Club on Feb 27, Dive Club Meetings, and Sea Rovers. The letter should be handed out at Sea Rovers to everyone who stops by the BSC booth and shows interest.

What we think is going to happen at Sea Rovers (Sunday in Essex Room 2-3PM, 2nd floor with other workshop rooms): There will be a table at head of the room with chairs, and then ~30 chairs in the room. The object now is to get contact info from attendees. From that info – divers and other organizations – make a list. After that rent a room in a hotel and invite any and all to attend. We might have radio ads, newspaper blurbs, and invite all groups. Suggest that we want this to be done through the BSC, rather than having multiple groups going in many directions. If another group with money would like to take it over, that would be okay. - Remember, most people do not live on the water, so politicians need to be made involved. Then set up a subcommittee with non-profit status so any donations would go directly to that purpose. This committee might be run by BSC, or by a group of representatives from different user groups.

Ideas that to bring forward at the meeting at Sea Rovers?

-Ken can discuss his issues with Hull

-Get business cards and contact info

We will have a poster on the BSC booth at Sea Rovers that says "Restore Coastal Access", and another one for the room.

BSC Booth at Sea Rovers:

Paul Adler has a slide show available of pictures from last year's BSC Treasure Hunt that he can show at the BSC Booth at Sea Rovers.

Stationary:

BSC is looking to get better stationary and envelopes. Several options were reviewed and one chosen.

Sanctuary:

Local communities can nominate National Marine Sanctuaries. Other sanctuaries are looking to enlarge, including the Monitor National Marine Sanctuary – Joe Hoyt will be at Sea Rovers.

National Monuments are more restrictive and have less process.

BUAR:

In process of designating underwater archeological preserve, historical site of 150 year old barkentine – White Squall - wrecked off Cape Cod, Wellfleet. There will be a 90 day public comment period. Looking to get info written up so would be “interpretable” dive site.

Other Items of Interest:

SSN members are diving every weekend – There is a number on their website. As of March 2, Bob Alves will be on the Gloucester Waterways Board and would like to know what can be done to improve situation. Jim D has been in contact and will see if he can come to the Sea Rovers meeting.

Old Colony Amphibians newsletter is very impressive.

In Canary Islands, someone is making an underwater museum, with statues, so you cannot see it without SCUBA.

The old Harwich School will be dropped as a reef in 35 ft of water about a mile offshore. Charter captain from Harwich wrote the proposal to the Seaport Council. Also uses money from the sportfish licenses (for public access projects) for sport fishing. They are putting regulations in place for no commercial fishing.

The tire reef in Yarmouth was re-permitted.

Action Items:

Theresa will send the SSN dive phone number to Michael Prange for the BSC website

Theresa will send Mary the Board list from the last State filing papers.

Next meeting: April 20.

BOARD meeting scheduled March 23. Notice to regular board members only to this meeting.
